

Hi, my name is Leonie Whisson and I am the new School Chaplain at Beverley D.H.S.

I was a city girl who married a farmer and farmed in Cunderdin for 20 years.

I have three adult children and two grandkids. My husband passed away while the children were very young and we moved to Northam four years later.

My passions outside of school are horses and most animals, my garden and my grandkids.

I worked as a Special Education Needs Assistant in the high school Education Support Unit for 20 years before becoming a school chaplain.

I have been a school chaplain at York DHS for 13 years and still love it. Being involved in caring for students, families and staff as they journey through life's ups and downs is such a privilege.

I am at Beverley DHS on Tuesdays and Thursdays and am always happy to meet with families.

I am looking forward to getting to know everyone in the Beverley school and community.

Leonie Whisson.
